

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

Third.—The great volume of unsolicited and grateful testimonials on file in the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Fourth.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, if you do not take advantage of this generous offer of assistance.

PROMINENT PENSACOLIANS LUNCHEON IN PRISON

According to St. Paul and Minneapolis papers, Mr. and Mrs. N. McK. Oertling were to leave Minnesota about August 1, returning to Denver.

Among other special attentions shown them was a luncheon given Monday, July 24, by Warden Woolfer of the state prison at Stillwater, Minn., which was a very elegant affair in the prison and was followed in the evening by a trip up the St. Croix river in the warden's steam launch.

SURPRISED LITTLE GIRL.—Miss Althea Blumer celebrated her seventh birthday rather unexpectedly last evening, when, instead of two little cousins coming to spend the evening, all the children of the neighborhood arrived by invitation of Mrs. Blumer who thus surprised her little daughter most successfully.

Each little guest presented a little token and her aunt Mrs. Julia Mooney gave her a big, beautiful birthday cake with seven candles on it.

There were games, refreshments and dancing and the little hostess was assisted by her sister Miss Lloyd Blumer and by Miss Blanch McHugh in entertaining her guests.

In the "Donkey" game Miss Lettie Martin and Master Tommie Mooney tied for the first prize—a box of bonbons—which they divided. Miss Lettie Hallmark won the booby fan.

The following guests were present: Misses Annie Sweeney, Nellie Glackmeyer, Mildred Rocheblave, Maudie Clarke, Leona and Althea Blumer, May and Clara Stokes, Elizabeth Lind, Genevieve Hallmark, Margaret Bell, Clotilde De Lustra, Gladys and Elaine Bell, Clara Scheetz, Sophia and Amelia Schatz, Mary Cusachs, Viola Roch, (of Montgomery), Annie Mooney, Lella and Estephane Hallmark, Genevieve Henry, Lettie Martin, Tom Mooney, James McHugh, Emanuel Roth, Louis Witovski, Clarence Martin, John Bell.

YOUNG MEN OF LEAGUE TO ENTERTAIN LADIES.

The Sadsen Street League still continues to be one of the most enthusiastic of the church auxiliaries. They sent five delegates to the district conference at Evergreen last week—two of them Miss Nell Richards and Miss Lillie Williams giving most excellent papers on League work.

Not the least interesting of the League work is the business meetings, which are held the first Friday of the month. These are usually held at the homes of the young ladies, but this month there is to be an innovation, the young men of the League having chartered the yacht "Rambler" for Friday night, on which the meeting is to be held on the way to the Life Saving Station. Meeting will be held at 7:15, the boat leaving the wharf at 7:00 p. m.

One of the many peculiar phases of so-called journalism, is the almost unanimous endorsement of the "courage and manliness shown by Judge Gordon," who gave a Tampa criminal the full sentence permitted by the verdict of the jury, as though such a sentence was the exception, yet nothing is said—nothing has been said about other judges failing in their duty in that line, even in Tampa.

When the average man refers to a woman as "intellectual" he usually means "intelligent."

Odd how much more enthusiastically a certain type of newspaper writers will condemn the laxity of law enforcers in other communities while ignoring if not actually encouraging grosser laxities in their home communities.

Cleveland, Aug. 3.—The creditors of Mrs. Cassie L. ANNUAL PICNIC AT LAUREL HILL

LARGE CROWD ENJOYED THE AMUSEMENTS AND FINE DINNER PROVIDED.

Special to The Journal.

Laurel Hill, Aug. 3.—The annual picnic in Laurel Hill Saturday last was enjoyed by a large crowd of both old and young. Hon. Monroe, of Florida, and Hon. J. P. Ribbours, of this place were the orators of the day.

One of the most attractive features was the fine music furnished by Pro. Weyer's band of Pensacola. It is cordially by everyone present that the music was far the best ever offered to the people of this section.

Just at 12:30 p. m. dinner was announced, prepared in the beautiful grove in front of Mr. Alex Given's residence. The band conducted by Captain Eric Von Aselson, marched to the grove from the stand followed by hundreds of people, and in a few minutes all were partaking from a well laden table of everything good for the inner man. Everything was nicely cooked and served, which was due to the committee of arrangements who labored hard to see that Laurel Hill should present to the people as fine a dinner as any town in West Florida.

The baseball game according to the program was to be played in the afternoon, beginning at 3:30 o'clock. The Florida team, under the management of Dr. Lewis Miller, made its way to the ground and began practicing for the game at 3, the local team following. The band was soon on the ground. A large crowd of ladies, men and children surrounded the diamond and the Florida team took the bat, but before one round was played the rain came down in torrents, so the game had to be called off.

The band took shelter in the old Hancock store building and during the storm rendered some of the best music the writer has heard since the 60's. The fifth Sunday singing was slated for Laurel Hill and quite a number of the young people remained with friends and took in the singing, while others took their respective trains for home.

We claim the picnic was a complete success and every family in Laurel Hill is expressing the intention of making these occasions even more attractive and enjoyable in the future.

THE GREATEST EPOCH OF MARRIAGE

The first is the most crucial time. If for the first time the greatest event in your married lives is about to occur, how expectant, how wrapped up in it you find yourselves.

You try to overlook, but in vain, that element of uncertainty and danger that you have been led to expect from the experience of those mothers and fathers who have struggled through this ordeal in ignorance of

Mother's Friend

what it is, and what it does.

If at this time every expectant man and wife might know of this greatest of boons, devised for the express purpose of alleviating and dispelling the suffering and consequent danger of childbirth, how quickly would all doubt and worry be dissipated.

Mother's Friend is an invaluable liniment for external massage, through whose potent agency countless mothers have been enabled to experience the joy of parturition for the first time without danger to themselves or their off-spring.

OLD BUILDING IS NOW BEING DEMOLISHED

Men Have Torn Away the Old Pattern Shop at Corner of Magnolia and Palafox Streets.

Workmen in the employ of the owner have been at work for several days demolishing the old building at the corner of Palafox and Magnolia streets, which has occupied the center of the latter street for many years.

The building has about been removed, and there only remains a very small lot of material now on the ground. For many years the city authorities have been endeavoring to clear the street of the unsightly old building, but without success until recently, when the Board of Works gave notice to the owner to remove the same or else it would be demolished. This order was complied with.

The building was used some years ago as a pattern shop, but of late has been unoccupied. The board also issued an order that all of the best sheds in the rear of the old building, and which also occupy Magnolia street, be removed at once, but the order has not yet been complied with.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third Street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." GRIMSBLY WILL BE TRIED TO-DAY

Aged Resident of Escambia County Will Be Given Preliminary Hearing.

John J. Grimsby, who was arrested a few days since upon a very serious charge, will be given a trial this morning. The hearing, which is a preliminary one, will be held before Judge Bellinger, and it is expected that quite a large number of persons will be present, as the defendant, as well as the parties causing the arrest, are widely known.

Mr. Grimsby resides about twenty miles west of Pine Barren and near the state line, and the arrest was made at his home. His grand-daughter had been residing with him for some time, and he charges that relatives have been endeavoring to secure from her some land, which was home-stated by her father, and that he had prevented the same, thus causing the parties to become enemies, and they had brought the charge on this account.

As the crime with which he is charged is not bailable he has been in jail since his arrest.

WORK BEGUN UPON THE STATE FAIR BUILDINGS.

Tampa, Aug. 3.—The work of erecting the State Fair buildings, including the mammoth main exhibit building, began Monday and will be pushed with all rapidity possible until every building is completed and ready for use. The firm to which the building contract was let was given eighty days in which to complete the work and in case the buildings are not finished by this time the Fair Association will take the buildings in hand and complete the work before the fair gates open, November 15, at the expense of the contractor.

Heretofore one of the most serious drawbacks of fairs in general has been late openings. The directors in this case, however, are determined to have the buildings ready on time and not a detail will be lacking when the crowds are admitted on the date above mentioned. No count can afford to go without representation at this, the greatest state fair of the South's history.
